ABOUT ME

I am a motivated Management Information System Technician with expertise in IT support, database management, and system analysis. I excel in problem-solving and managing complex systems, making me a valuable asset to any organization.

EXPERIENCE

GLOBAL IT CORPORATION | INTERN

JULY 2024 – AUGUST 2024

During my internship at GIC, I developed practical expertise in network management and web development, particularly with Django framework.

KEY RESPONSIBILITIES

- ✓ Performed daily network diagnosis to ensure stable connectivity.
- ✓ Managed and maintained security cameras systems.
- ✓ Maintained daily documentation and prepared weekly progress reports.

PROJECT CONTRIBUTIONS

- ✓ Tested systems, reported bugs, and created user manuals for the SBankings.
- ✓ Resolved IT connectivity issues, enhancing network stability.
- ✓ Monitored and maintained websites.
